

Don't lure identity theft towards your business...

Secure shredding

Identity theft is the most costly security risk to businesses.

Penalties of up to £500,000 can be issued you are found in breach of the Data Protection Act. Under this act, you can not discard of intact customer, staff or supplier information.

Our secure shredding service offers you a simple, environmentally friendly and cost effective solution geared towards protecting your business.

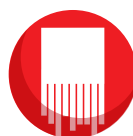

Shredding in 4 simple steps:

We will implement the most suitable shredding solution for you, supplying either consoles or bins with a lock and a slot, or sacks which can be ordered along with your office supplies online or via the telephone:

Step 1 - Fill up

Fill up the consoles, bins or secure sacks. You don't even have to remove staples or paperclips.

Step 3 - Shred

We will shred your documents on-site if required, or transport them to one of our secure shredding facilities.

Step 2 - Collect

Call us when you are ready for a collection. Or we can schedule collections weekly, fortnightly or 4 weekly.

Step 4 - Recycle

Once your documents have been shredded, they will be sent for recycling.
